

A PURITY OF STYLE
AND PERFORMANCE

THE UVA M6 GTR

Member of the Specialist
Car Manufacturers Group

THE MOST BEAUTIFUL CHILD'S CAR
FOR AS LITTLE AS

The timeless lines of the UVA M6 GTR are blended with its mid-engined monocoque chassis and high performance suspension design.

The V8 mid-engine installation (options available include 3.5 litre Rover, 3.9 litre and 4.2 litre) drives through a 5-speed transaxle, ensuring optimum performance and driver satisfaction. The interior design and high standard of trim befit the quality of this superb Grand Touring car.

Available either fully assembled or in easy self-assembly form. Kit prices start at £2961 - full cars from £15,780 + taxes where applicable. UVA offer their customers an unrivalled service for parts, kit-build schooling and after-sales service.
